In Re: Request For Special Temporary
Authority
For Station WFUM-DT
Flint, MI
BLDSTA-20081113ADZ
Fae Id: 69273

Dear Licensee:

This is in reference to your request filed on November 13, 2008, for special temporary authority (STA) to commence early post-transition operation of WFUM-DT, Flint, Michigan, on Channel 28.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require termination of the operation. We therefore conclude that the public interest would be served by the grant of this request.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

Accordingly, the request for special temporary authority to commence early post-transition operation pursuant to its construction permit technical parameters, File No. BPEDT-20080312ADF IS GRANTED.

Sincerely,

A handwritten signature in black ink, appearing to read "Clay C. Pendarvis".
